

Employee 4

Software Developer

Chennai, India • employee4@example.com • +91 90000 00004 • github.com/employee4

PROFESSIONAL SUMMARY

Software Developer with about 2 years of experience working on web applications and backend services. Familiar with Java, Spring Boot, Python, SQL, Git, and basic cloud concepts. Has practical experience developing CRUD APIs and working with relational databases. Comfortable learning new technologies and contributing to small development teams.

TECHNICAL SKILLS

Languages	Java, Python, SQL, JavaScript
Backend	Spring Boot, REST APIs, basic Flask
Databases	MySQL, PostgreSQL
Web	HTML, CSS, basic React
Tools	Git, Maven, Postman, IntelliJ IDEA
Cloud / DevOps	Basic AWS concepts, Docker fundamentals, Linux basics

PROFESSIONAL EXPERIENCE

Software Developer | SoftLine Solutions | 2024–Present

- Developed and maintained Spring Boot REST APIs for internal business applications.
- Created database queries and basic data-access components using MySQL and PostgreSQL.
- Implemented API validation, exception handling, and simple authentication flows.
- Used Git for version control and Postman for API testing and debugging.
- Participated in bug fixing, code reviews, and routine application maintenance.

Graduate Developer Trainee | TechBridge Services | 2023–2024

- Assisted developers with Java-based application development and database updates.
- Created small utility scripts in Python to simplify repetitive data-processing tasks.
- Learned basic Docker usage and Linux command-line operations while supporting development environments.

SELECTED PROJECT

Employee Leave Management System

Developed a basic web application for managing employee leave requests using Spring Boot, MySQL, HTML, CSS, and JavaScript. Implemented employee login, leave submission, approval, and leave-history features.

EDUCATION

B.Sc. in Information Technology | University of Madras | 2020–2023

CERTIFICATIONS

Java and Spring Boot Fundamentals • SQL Fundamentals • Introduction to AWS Cloud
